Influence Quotient: 88/100

Overall Evaluation Summary

Qualitative Analysis - Positive

- You introduced yourself clearly and mentioned the role you are applying for, which is very professional.
- Your level of education and details about your project show your dedication and passion towards AI field.
- The mention of your hobbies, likings, and your strengths, weaknesses add a personal touch to your professional journey making your profile well-rounded.

Qualitative Analysis - Areas of Improvement

- While your introduction was clear, you could offer more details in terms of your past experiences and roles.

- You could elaborate on the project's importance and the results it achieved in order to highlight its impact.
- Your weakness could be described in a professional context, expressing a learning curve you're currently undergoing.
- Answering your strengths, the connection to your role could have been made clearer.
- You asked a good question about the company's future product, however, you could also ask about the role, team, or the challenges they face.

Detailed Evaluation Metrics

No.	Items to look out for	5 point Scale	Remarks / Feedback
1.	Did the speaker speak with confidence? • Posture • Smile • Eye Contact • Energetic Start	4	Satisfactory Satisfactory Good Poor
2.	Did the speaker vary their tone, speed, volume?	3	You maintained a steady tone throughout and your vocal volume was quite constant. However, your speech speed was relatively high and could be slowed for clarity.
3.	Did they use any gestures with their hands or body while speaking?	3	You showcased some body language and were mostly maintaining good eye contact but could be more energetic and expressive at the beginning to capture attention.
4.	Did they have expressions on their faces?	3	There were some facial expressions exhibited, overall you were expressive enough but adding more varied facial expressions can enhance your presentation.
5.	Who are you and what are your skills, expertise, personality traits ?	4	Yes, you were able to adequately introduce yourself and your skills, giving insight into your professional background and personality traits.
6.	Why are you the best person to fit this role?	4	Your research work in large language models and its security, positions you well for the Applied AI Scientist in Google. You displayed competency in handling potential security issues in real-world applications.
7.	How are you different from others?	4	Your unique combination of technical expertise in AI and active engagement with hobbies like reading books sets you apart from others.
8.	What value do you bring to the role?	4	You bring significant value to the role as you seem to have a command over necessary technical skills as well as a strong interest in AI, and your strength to work on security faults is commendable.

9.	Did the speech have a structure of Opening, Body and Conclusion?	4	Your speech had a structure, with a proper introduction, description of your academic and professional journey, self-assessment and a query at the end. However, the conclusion could be made more impactful.
10.	How was the quality of research for the topic? Did the student's speech demonstrate a good depth? Did they cite the sources of research properly?	4	The quality of research displayed was quite good. Your questions about Google's MR headset shows you have done some domain-specific research. However, remember to indicate any sources of your information.
11.	How creatively did the student present the video?	3	The presentation was straightforward and professional, there is room for more creativity which could make your video stand out in the competitive crowd.
12.	How convinced were you with the overall speech on the topic? Was it persuasive? Will you give them the job/opportunity?	4	The overall speech was informative and showcases your skills and professional interests convincingly. However, the high-speed delivery and lack of an impactful conclusion did undermine the persuasiveness slightly. Still, your technical expertise and understanding of role-specific challenges make us confident in considering you for the opportunity.
